

Dear Rob, Eimir,

Please find attached my CV,

Thanks to UIAA comps, I experienced such sport emotions, I discovered so many cultures, I've growth a lot, with our teams, so it Would be a pleasure to help developing the sport while representing the athletes, help the UIAA federation understand our preparation & needs for comps. I'll continue competing at the same time so during the season I'll be focused on if it is okay for you, but my pleasure is to help before the season starts !
